

MSR Snowshoe-Hiking Poles Denali III

The **MSR Denali III poles** are technical snowshoe poles that will get the job done when you're deep in the backcountry. These poles are ideal for hiking, snowshoeing, backcountry snowboarding, alpine climbing, telemark skiing and more. Unisex & one size fits all - the three piece construction allows for quick adjustment of height for all sizes of users and trail/backcountry conditions. Also contracts to compact size for easy storage in backpack etc.
